---

**Work Experience**

**Design Intern**  
**STUDIO 150**  
Bangkok, TH  
June – August 2019

STUDIO 150 is a design studio with a distinct European philosophy. There, I worked on me.jai, a website for Fungjai, an indie music label and streaming service.

---

**Freelance Designer**  
Seattle, WA  
July 2018 – June 2019

I work on various interaction design, UX/UI design, and visual design projects in Seattle, WA

---

**Product Designer**  
**Student Technology Loan Program**  
Seattle, WA  
January 2016 – June 2018

I designed a new identity and web experience for STLP to make it easier for students to register, find information, and reserve equipment

---

**App Designer**  
**Tourism Authority of Thailand**  
Chiang Mai, TH  
July – August 2016

I designed a mobile app. In the process, I worked with corporate and governmental stakeholders to address their needs while also advocating for the usability and sensibility of the app

---

**Other Experience**

**Microsoft Surface/Xbox**  
Seattle, WA  
January – March 2018

In a collaborative studio with Microsoft Devices, I designed AI-powered devices to help dog owners worry less and be more productive in their daily lives

---

**TEAGUE**  
Seattle, WA  
September – December 2017

TEAGUE is a consultancy that designs airplanes and experiences for Boeing. In our joint studio, I designed a space tourism experience that reduces conflicts among tourists on their week-long trip.

---

**Education**

**University of Washington**  
Bachelor of Design  
September 2014 – June 2018

Studied at UW's multidisciplinary design program, primarily focusing on Interaction Design and Industrial Design.
